PAGE

Dear Editor,

I am writing this letter to express my gratitude for printing my letters and giving me a forum in which to state my opinions. I would also like to say thank you to the many people who have been supporting me and encouraging me in this struggle for so many years. It is truly a path that is difficult and, as the Bible says, "The path to destruction is wide and many take it, while the path to righteousness is narrow and few find it."

Recently, as you know, there has been a resolution making its way through the various democratic committees, which one day will hopefully change the law in regards to human and civil rights in "Indian Country." This resolution and other information can be viewed at www.tribalcorruption.com

I had been in contact with Congressman Nunes' office in regards to these issues for over three years, and I was consistently told that there wasn't anything that could be done. Well, turns out that there is a lot that could be done if one wanted to take the initiative.

This letter is to let you know that Mr. Steve Haze has taken that initiative and run with it. He first attended

meetings in Sacramento and has also been known to actually give up time and hold a picket sign on the side of the road, even questioning the Table Mountain Water Truck Drivers.

I wanted to take the time especially to thank him for his efforts. He has nothing to gain from taking on this fight and yet he stepped up and has not backed down. I used to think that a person's word did not stand for much any more in this world, as so many give it, but few keep it. Mr. Steve Haze is one of the few who give it and keep it.

I am praying and hoping for a positive outcome. However, whatever the outcome, it has been good knowing that there was someone else willing to stand by you against this great injustice that has the position to be able to really do something about it. Godspeed to Mr. Haze. May the Creator bless you and keep you, especially during the is time.

Sincerely,
Kathy Lewis
